### 2019

## **Annual Report**

ALABAMA DEPARTMENT OF INSURANCE

Governor Kay Ivey
Commissioner Jim Ridling

### **About ALDOI**

The Alabama Department of Insurance (ALDOI) is the regulator of the sale of insurance in Alabama, working diligently to balance the needs of consumers with the needs of a competitive insurance industry. The ALDOI enforces all state laws that provide a fair and stable insurance marketplace and works to make certain that insurers comply with all state laws to protect policyholders.

The state of Alabama is part of the U.S. insurance regulatory framework which is a highly coordinated state-based national system designed to protect policyholders and to serve the greater public interest through the effective regulation of the U.S. insurance marketplace.

Through the National Association of Insurance Commissioners (NAIC), U.S. insurance regulators establish national standards and best practices, conduct peer reviews and coordinate their regulatory oversight to better protect the interests of consumers while ensuring a strong, viable insurance marketplace. U.S. insurance regulators also participate in the International Association of Insurance Supervisors (IAIS) along with the NAIC by participating in major standard setting initiatives, including working with fellow regulators from around the world to better supervise cross-border insurers, identifying systemic risk in the insurance sector, and creating international best practices. ALDOI's mission is to serve the people of Alabama by regulating the insurance industry, providing consumer protection, promoting market competition and stability, improving structural resiliency, investigating fraud and enforcing fire safety standards and laws.

## **NAIC Participation**

The National Association of Insurance Commissioners (NAIC) is the U.S. standard-setting and regulatory support organization created and governed by insurance commissioners from the 50 states, the District of Columbia and five U.S. territories. Its members, together with the central resources of the NAIC, form the national system of state-based insurance regulation in the U.S. Through the NAIC, state insurance regulators establish standards and best practices, conduct peer review, coordinate regulatory oversight, model laws and regulations and represents state regulators' collective domestic and international views.

The NAIC maintains extensive systems linking all state insurance departments and provides financial, actuarial, legal, research, technology, market conduct, economic expertise, staff research, monitoring federal activity, submitting legal briefs, etc. With the continuing advancement of the federal government into the insurance regulatory arena, the NAIC is on the front line of the fight to preserve the system of state-based insurance regulation, recognizing that states are better able to protect consumers, adapt to meet economic and financial challenges, enforce regulation and foster competition.

State Insurance Commissioners, through the NAIC, work with fellow regulators from around the world to better supervise cross-border insurers, identifying systemic risk in the insurance sector and creating international best practices.

The Alabama Department of Insurance participates in the NAIC's State Based Systems (SBS), an electronic system designed to provide a comprehensive, webbased application for use by state regulators in support of insurance regulatory functions.

### National Association of Insurance Commissioners

Its goal is to enable state insurance departments to more efficiently and effectively process license applications, renewals, inquiries, complaints, enforcement actions, etc. with a minimum of effort and remain compliant with national uniformity initiatives.

The ALDOI is a member of the NAIC Executive Committee and four of seven major issue committees including various working groups and task forces. Commissioner Ridling is the Chairman of the Governance Review Task Force, a subgroup of the NAIC Executive Committee.

The NAIC conduct three national meetings per year, a week-long issues-based "Insurance Summit", a Washington Fly-In and other various other targeted meetings. The ALDOI also holds membership on NAIC liaison committees to consumers, industry and state and federal government. A member of the ALDOI staff serves as chairman of NAIC Health Actuarial Task Force. Additionally, Commissioner Ridling serves as Chairman of the NAIC Southeast Zone consisting of the Insurance Commissioners from 14 states and U.S. territories.

## Revenues and expenditures the last five years

### **Examiners Division**

The Examiners Division assists the Commissioner with the regulation of the solvency of insurance companies through the activities of surveillance, monitoring, analysis and examination, all performed in accordance with nationally recognized standards promulgated by the National Association of Insurance Commissioners and other regulatory and professional accounting agencies. Through these procedures, the division provides technical assistance and factual information as a basis for determining regulatory action, serving as the first line of defense between Alabama's citizens and potentially troubled insurance companies. The division also performs the following functions:

- Examines financial condition of domestic insurance companies, health maintenance organizations and fraternal benefit societies according to statutory requirements.
- Files and review annual statements for licensed companies.
- Reviews and issues or rejects applications for license of new companies, to include insurers, HMOs, fraternals, motor clubs, premium finance companies, prepaid legal and dental service corporations.

#### **Key accomplishments**

In 2019, the Producer Licensing Division began registering Pharmacy Benefit Managers and created guidelines and applications for adjuster pre-licensing.

The division made accommodations for pre-licensing and state exams, including providing an online state exam due to COVID-19 restrictions.

## Education and Outreach

In 2018, the Alabama Department of Insurance launched an Education and Outreach initiative, designed to inform Alabama consumers about insurance issues that impact their lives. The department continued to build on that effort in 2019.

The Education and Outreach Coordinator provides helpful information on topics like flood insurance, distracted driving safety, how to avoid potential fraud and things to be aware of when choosing an insurance policy or agent.

Services and presentations are offered to Alabama consumers at no charge.

Over the past year, we have distributed over 5,000 packets of information. This was accomplished through group presentations to senior citizens, high school students, professional association presentations and distributing to the general public at the Alabama National Fair.

ANNUAL REPORT 2019

#### **Consumer Services**

The Consumer Services Division primarily receives individual consumer complaints and inquiries regarding insurance. Additionally, it provides educational material and assistance for senior citizens and other consumers, responds and deploys staff members to disaster sites to assist victims in expediting insurance claims, participates in consumer outreach programs by speaking to community and consumer groups throughout the state, and investigates alleged violations of insurance laws and rules.

In 2019, Consumer Services handled more than 3,016 complaints and inquiries, as follows.

Line of Insurance	Number of Complaints	Number of Inquiries
Automobile	542	238
Homeowners	298	161
Life and Health	481	508
All other lines	87	120
No particular line identified	150	431
Total	1558	1458

#### **Key accomplishments**

Use of the Consumer Services division's live chat on the aldoi.gov website continues to grow, allowing consumers to speak with a live representative for help with their insurance questions.

The department participated in the Alabama Opioid Overdose and Addiction Counsel Task Force.

Consumer Services representatives supported FEMA Centers in the aftermath of the Lee County tornadoes.

### **Strengthen Alabama Homes**

The Strengthen Alabama Homes program provides grants to Alabama residents to assist them in residential wind fortification on existing, owner occupied, single family homes. Funding for this program comes from the insurance industry in Alabama and is not funded from the state's general budget, nor is it tied to a federally funded program.

Wind fortification consists of construction methods that strengthen a home against severe storms, high winds and wind-driven rain. Fortification reduces the risk of damage during storms, and in Alabama, provides homeowners discounts to their wind insurance premium and deductible. The fortification standard adopted by the Strengthen Alabama Homes program is known as the FORTIFIED Home™ program and it was developed by the Insurance Institute for Business and Home Safety (IBHS). To receive an SAH grant, a resident must reach the IBHS FORTIFIED Bronze or Silver standard.

SAH grants will pay 100 percent of the cost of mitigation up to \$10,000. The grant award amount may not cover the entire cost of the work needed. Work completed must meet the FORTIFIED™ Bronze or Silver standard. Homeowners must pay a small fee for the FORTIFIED™ Evaluation.

A FORTIFIED™ evaluation is a required step in the FORTIFIED™ process and provides homeowners and contractors an understanding of the work needed to mitigate a home. A certified evaluator will perform an initial review of the current condition of the home and provide documentation of the steps needed to reach either the FORTIFIED™ Bronze or Silver level. As mitigation continues, the evaluator will work with contractors to document all the work and submit the home for certification. Homes with a FORTIFIED™ Designation in Alabama receive discounts ranging from 20 to 50 percent on the wind portion of their homeowner's insurance premium.

### **Strengthen Alabama Homes**

#### Key accomplishments

The Strengthen Alabama Homes
Program began working on projects in
inland Alabama in 2019. Projects were
completed in the Tuscaloosa,
Huntsville, Birmingham and Irondale
areas, partnering with Habitat for
Humanity and municipalities to
mitigate homes of first responders.
This is in response to the Alabama
legislature granting authority to the
program to move statewide.

As of December 2019, the program has completed 1,750 homes to the FORTIFIED standard.

With approximately 2,300 applications awaiting funding, there is much more work to do

Alabama leads the nation in the number of fortified homes. More than 15,000 homes are build to the FORTIFIED standard.

The Strengthen Alabama Homes program remains the only program of its kind in the United States.

### **History of the Department**

In 1897, the Legislature passed a comprehensive act to regulate the business of insurance in this state, with the Secretary of State serving as Insurance Commissioner ex officio and the chief officer of the Department of Insurance. In 1915, a completely "separate and distinct" department was created as the Department of Insurance, with its chief officer, to be known as the Commissioner of Insurance, appointed by the Governor.

In 1923, the Legislature "created, lieu of the Department of Insurance, the Bureau of Insurance" with its chief officer, entitled the "Superintendent of Insurance," appointed by the Governor. In 1939, a Department of Commerce was created by the Legislature, consisting of the Bureau of Banking, the Bureau of Insurance and the Bureau of Building and Loan. In 1951, the department was again made a separate state agency called the Department of Insurance. The title of the chief officer was last changed in 1971 to Commissioner of Insurance.

The National Association of Insurance Commissioners (NAIC) is the U.S. standard-setting and regulatory support organization created and governed by the chief insurance regulators from the 50 states, the District of Columbia and five U.S. territories. The NAIC has established a formal certification program to accredit each state insurance regulator, requiring risk-focused financial surveillance to include on-site examinations, and requires solvency-related model laws, rules and guidelines that have been adopted through consensus and collaboration. Accredited insurance departments are required to undergo a comprehensive review by an independent review team every five years to ensure the departments continue to meet baseline financial solvency oversight standards. The Alabama Department has been continuously accredited by the NAIC since 1995.
